Irish Life needs your relevant personal information and personal health information for underwriting decisions. This will determine whether Irish Life can offer cover and on what terms. Irish Life also needs your relevant personal information and personal health information to assess and pay claims. If relevant, Irish Life will share your personal health information with reinsurers for underwriting and claims decisions. Irish Life uses your personal information and personal health information for any subsequent applications to Irish Life.

In addition to the personal health information Irish Life collects from you, Irish Life will request and receive your relevant personal health information from GPs, consultants, hospitals or other health professionals, and share your relevant personal health information with GPs, consultants, hospitals or other health professionals, if needed.

You must answer all questions that Irish Life has asked in this form honestly and with reasonable care. Where Irish Life asks you to answer a specific question, the subject matter of the question is relevant to the risk that Irish Life is being asked to accept. If your answers are not true and complete, Irish Life may be entitled to:

- Cancel cover & any benefits under the Scheme without a return of premium to the Proposer,
- Refuse a claim,
- Reduce the amount of any claim,

Irish Life may also contact you to ask you for further information on your answers or as part of any subsequent claim. 8. Tele-interview – Important information for the Life to be Insured

Why are tele-interview used?

You, the Life to be Insured, may be contacted by telephone by a qualified nurse working for MorganAsh Ltd. (a specialist company that carries out these phone calls on Irish Life's behalf) to obtain more information about your present health, lifestyle, occupation, and the medical history of you and your family. Irish Life engages MorganAsh to carry out these interviews for them and the information gathered is only used by Irish Life and no other organisation has access to this.

Tele-interviews are used because:

- They enable Irish Life to tailor medical questions to each applicant.
- They enable Irish Life to obtain a clear understanding of your health in order to risk assess the application more quickly and offer the best possible terms for insurance.
- Many applicants find them more convenient than attending a medical examination.

The information you provide will be treated in the strictest confidence, and will be used only in the assessment of the application for cover or in the event of a claim. With this in mind, the nurse will ask you to confirm some personal information, as a security check and to ensure confidentiality and that you are comfortable to undertake the interview at that particular time.

After this, they will ask you relevant questions required to process this application.

Instruction

It is essential that you provide all requested information regarding your medical history. This telephone call will be recorded. It will form part of the application for cover and, if accepted, will form the basis of the insurance contract with Irish Life along with any other medical information obtained by Irish Life. Therefore, all the questions should be answered fully and honestly, as failure to do so could invalidate cover and any future claims.

When will the tele-interview take place?

You will be contacted normally within a day or so of Cornmarket submitting this application form to Irish Life to arrange a suitable time for your interview. If, when you are called, it is not a convenient time, then just ask to re-arrange to a more convenient time.

If you have not been contacted within 3 working days, or if you have been away or out of touch you may like to phone MorganAsh on free-phone 1800 80 50 22. If you have call barring on your phone, please arrange to allow MorganAsh to phone you, or you may like to call them on the above number.

When you schedule a time for your interview, you will be given an hour's time slot and you should get a call in the first 30 minutes of this hour. If you are not free to answer the questions when called, the nurse will be happy to arrange a more suitable time for the interview to take place.

The nurses are able to undertake interviews from:

- 9am to 9pm Monday to Thursday.
- 9am to 7pm on Fridays.
- 10am to 2pm on Saturdays.

It is important that you are in a confidential environment and able to speak freely and have the time to spare to complete the interview. The interview takes on average 30–60 minutes to complete. MorganAsh will not complete an interview if you are driving.

What do I need to prepare?

If a tele-interview is deemed necessary by Irish Life then this application for insurance cover cannot be processed until the interview has taken place. To prepare for your interview, please take some time to gather the following information and have this to hand when you receive the call:

- Details of any medication you are currently taking (including the name and dosage)
- Details of any past or present medical condition suffered, (other than very minor ailments such as the common cold)
- Details of any tests or investigations, e.g. blood pressure, cholesterol tests. It would be helpful if you phone your GP or whoever did these tests, to get the results.
- Details of any serious condition, such as cancer, heart attack or stroke, suffered by a member of your immediate family (your mother, father, brothers or sisters, or half brothers and sisters).
- MorganAsh will ask for your height and weight. If you do not know your weight, please try and weigh yourself prior to the interview.
- It is helpful to think about your recent medical history, for example in the past few years, did you visit the doctor or have you missed any time off work? If so, why and what medication did you receive?

What if I do not wish to discuss my medical details over the phone?

If you are not happy providing your medical details over the phone, please advise MorganAsh when they call you or contact Cornmarket on (01) 470 8054 and they will contact Irish Life who will post you the relevant forms for your completion instead. You can then post these forms back to Irish Life's Chief Medical Officer using the pre-paid envelope provided with the forms.

What happens after the tele-interview?

You will be sent a transcript of the call to check and ensure that the information is complete and accurate. Although a little time consuming it is in your best interest to undertake this task with all due care. If you are aware of inaccurate or incomplete details or of any changes required to the report, you are required to amend the transcripts and return them to Irish Life immediately.
